
UTTARA KANNADA COVID-19 HANDBOOK

OFFICE OF THE DEPUTY COMMISSIONER
UTTARA KANNADA DISTRICT, KARWAR

This booklet contains the following information

- Bed availability
- Testing centers
- Ambulance services
- Oxygen supply
- Injections and Medicines
- Covid care Centers

HOW TO GET A BED UNDER GOVERNMENT QUOTA? (Government and Private Hospitals)

Ensure the patient is tested through RT-PCR

If symptoms are severe/are a primary contact ensure both RAT and RT-PCR tests are taken (Since RT-PCR results take longer)

RT-PCR generates SRFID and if you are positive you will get a message or call to your registered mobile number

If you are yet to get tested, take your test at the private or government test centers immediately (List Enclosed)

HAVE THE BELOW INFO READY BEFORE GOING TO THE HOSPITAL

Patient Details (Sample Format)

Patient Name	General Ward/HDU/ICU/ICU-V
Age	Attender Name
Gender	Attender Mobile #
SRF ID	Patient Mobile #
SPO ₂ Level	Other Symptoms
Residence Address & Pincode	Positive Since Days
Residence Ward Name & #	Reference Doctors (if any)

CALL 108

PRACTICAL EXPERIENCES

Keep calling 108 till you are able to connect and raise your request to book a bed. Don't give up.

Bed information is shared on attendee's phone, keep it charged and in allocation with network coverage

If ambulance wait-time is high, book a private ambulance
(List enclosed)

Talk to a Taluka officer in case of emergency and urgent request. (THO and Tahasildar)

District Hospital holds higher quota of beds, they are your best bet. Arranging private bed is tedious and difficult.

TESTING FOR COVID-19

RT-PCR, RAT, CT-SCAN

RT-PCR test is usually recommended test for any Covid treatment.

Rapid Antigen Test (RAT) test is typically taken to get immediate results, however RT-PCR is better.

If you have severe symptoms or are a primary contact, take RAT and RT-PCR simultaneously.

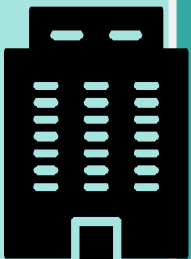

CT scan is usually recommended by doctors for patients with severe symptoms.

CHECKLIST / IMPORTANT INFORMATION

- Carry a copy of Aadhar Card and your mobile phone when visiting lab for testing.
- Ensure you get the SRF-ID via SMS before leaving the lab after the swab sample has been collected.
- RT-PCR test results could take upto 36 hours. Take a Rapid Antigen Test (RAT) in the same centre if you have severe symptoms / are a primary contact.

COVID TESTING CENTERS

COVID testing is done for all Primary Contacts & Symptomatic at Taluk Health Center, District Covid Hospital and in certain locations during special camps

CT SCAN CENTER

For a CT scan, the patient can visit either the government or private hospital with this facility

A doctor's prescription is required in some of the clinics and hospitals to get the test done

FOR OXYGEN AND MEDICINE STATUS

OXYGEN AND MEDICINE STATUS CAN BE OBTAINED FROM FOLLOWING NUMBERS

08382-229857
